

# EVOLVE THE GAME

# **CORK RACKETS**

Our padel rackets are unique and exclusive!

At **CORK PADEL**, no two rackets have the same identity. Each one is made by hand and treated with extreme dedication, combining **artisanal** quality with technical **precision** that makes a huge difference on the padel court.

In addition to being lighter, thanks to the intelligent distribution of all components, these rackets are made with **premium ultra-durable materials** with an exclusive **anti-vibration technology**, that allows you to control the game like never before.

MODEL

# CORK PADEL KIDS

This padel racket stands out for its control and manoeuvrability due to its low swing and light weight. Ideal for players who appreciate the comfort and lightness of the racket. A racket balanced in all aspects of power, control, durability, manoeuvrability, and comfort.

MODEL

# CORK PADEL PRO CORK GRIP

Pro Cork Grip, a Cork innovation created specifically to improve comfort on the racket grip and further reduce vibrations transmitted to the player's arm.

In addition to helping prevent injuries, the Pro Cork Grip slightly increases the racket's weight on the handle, balancing the racket's overall weight and improving the racket's swing.

The material used in Pro Cork Grips construction is highly elastic which makes it easier to install on the racket, without being damaged in the process.

The background image shows two men from the chest up, wearing black t-shirts. The man on the left has a small 'CORK' logo on his chest, while the man on the right has a larger 'CORK TEAM' logo with green lightning bolts on either side. Both are holding large, oval-shaped wooden paddleball rackets with a grid of holes. A bright yellow lightning bolt graphic is positioned above the text.
